

From the 20th to the 28th of January of this year we were witnesses and participants in an unusual and unique meeting, a week of prayer before the 70th anniversary of the liberation of the German Nazi death camp KL Auschwitz-Birkenau. This event was organized by believing Christians from Germany. Messianic leaders from Israel and believers from other countries came in response to the invitation they received.

During the week of prayer, in humility and tears, we confessed our guilt before God for all the evil done to His chosen people, not only in the context of the Holocaust, but also in the context of all the wrong done by the Church, especially through replacement theology and other destructive teaching which had such tragic consequences for the whole Jewish nation.

During these meetings we visited the former death camp KL Auschwitz-Birkenau. It wasn't just a usual visit, it also involved prayer and identification with the deep suffering that the Jews went through in the hell of the Holocaust. In an atmosphere of prayer and repentance we partook of the Lord's Supper on the "Jewish Ramp" where the first selection of Jewish prisoners took place. As the Church of many nations we again took part in the fulfillment of the vision of gathering the Church at the selection point. From exactly this place many prayers were said and many tears of repentance and sorrow were shed before the Lord God of Israel. We declared together the power of the blood of Jesus the Savior which speaks better than the blood of Abel. Only thanks to His blood can we be saved from the judgment of God for the shedding of innocent blood.

With prayer on our lips on the 27th of January, 2015, 70 years after the liberation of KL Auschwitz-Birkenau, we celebrated this exceptional ceremony, committing both Israel and our countries to the care and protection of God.

70 years have already passed since these unforgettable events. We are convinced that the Lord God is creating something new and wonderful according to His eternal plans for Israel and the Church. Let's pray that in complete oneness, obedience and faithfulness to Him so that we could fulfill His will and purpose in this plan.
