

## Beloved in Christ,

Many years ago, by the grace of God, we received an exceptional gift for our ministry. These were large format Bibles, produced especially for Jews. This is why there is a star of David on the front of each Bible and a Menorah on the back.

These Bibles are large and are this large print which makes them ideal and easier to read for older Jewish people.

Even just the symbols on the front and back of each Bible have caused many to receive with gratitude and openness this priceless Book.

Unfortunately we gave out the last of these Bibles long ago. We have been praying for and working on receiving a new supply of them.

We are thankful to God that after a few years of praying and working He has heard our requests.

At this time it has become possible to receive such Bibles, which have been printed in Finland. This time we aren't able to receive them for free. The cost for one such Bible and transportation to Oświęcim is 25,- zł (ca. 8,5\$). For the most advantageous order, which is 500 Bibles, we will need to pay 12.500,- zł (ca. 8.333\$).

In spite of everything, we are all again bringing our request with faith for this need before the face of God. We are also praying that God would move many hearts to help with this large expense. This is an exceptional investment as we desire to share God's Word again with this nation, who received it from Him in the beginning. We believe that it will bring an abundant harvest for the glory of God's Kingdom.

May God richly bless you

P.S. payments for the Bibles can be sent to the account of the Shalom Ministry Association in Oswiecim with a note "Donation for Bibles."
